EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Elmer Galbi (Reg. No. 19,761) on 12/19/06.

The application has been amended as follows:

In the Specification

Replace paragraph 30 with the paragraph below:

Typically, this system and method will be implemented in a software package installed on the workstation. Some sort of computer readable storage medium, such as a CD-ROM or a diskette, will contain software code. The software code, when executed, will result in the process described above. The software code may also take the form of a downloadable file, or a print driver, for the example above of a printer discussed above. More generally, the computer-readable storage medium will include a document-processing client operable to perform the methods of the invention.

In the Claims

At claim 1, line 9, replace "setting" with "settings".

Replace claim 7 with the following:

Art Unit: 2182

7. The method of claim 1, wherein the plurality of operational settings includes number of copies, stapling options, and paper selection.

At claim 9, line 1, after the term "computer-readable" insert the word "storage" and replace "including" with "storing".

Replace claim 10 with the following:

10. The computer-readable storage medium of claim 9, wherein the software code is a downloadable file.

Replace claim 11 with the following:

11. The computer-readable storage medium of claim 9, wherein the software code is a generic printer driver to be installed on each workstation of a network.

At claim 12, line 4, after "devices" replace ";" with "by".

At claim 12, line 8, after ";" insert "and".

At claim 18, line 2, replace "setting" with "settings".

At claim 19, line 1, after the term "computer-readable" insert the word "storage".

Art Unit: 2182

At claim 19, line 3, replace "setting" with "settings".

2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to or suggest, alone or in combination a method and system for network document processing comprising a generic driver that receives user selected operational settings in order to process a document, wherein a first interface is activated between the workstation and the document processing device, and a user interface is provided for the user to select the operational settings and the generic driver generates the document at a particular location as required by independent claims 1,12, and 20, in combination with the other recited claim elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eron J.
